

OCCUPATIONAL THERAPY Work Rehabilitation Newsletter

February 2021

Our Everyday Heroes

We are so proud of our essential workers who have been faithfully coming to work at the Rancho Works Café & Gift Shop during this pandemic. They have demonstrated flexibility with their work shifts, have adjusted to ongoing changes in procedures and sanitation, and have shown true teamwork. Let's hear what they have to say about why they love working here:

Jose: "I like to interact with my colleagues. Everyone has a good attitude."

Ofelia: "I like to learn how to do my job better every day."

Michelle: "Learning new stuff every day from other co-workers."

Sylvia: "I love everything about my job! I enjoy it."

Leticia: "I like making the food, moving around, and being busy."

Salvador: "It helps me not focus on my pain. It is exercise for me."
